

	Non drill people, 2 hr	Introduction to drilling, Drilling people, 3 hr	Introduction to drilling, Drilling people, 3 hr	1 Day	Drilling Technology, 2 Day	Drilling Technology, 5 Day	Drilling Technology, 2 hr	Macondo accident, 1 Day	Macondo accident, 2 hr	Shale gas drilling, 1 Day	Shale gas drilling, 1 Day
Entry/exit test											
Oil and gas history											
Geology											
Reservoir Geology											
Seismic surveys											
Well planing											
Well design											
Drilling organisation											
Going offshore											
Rig move											
Rig types											
Marine equipment											
Surface equipment											
Down hole equipment											
BOP equipment											
Mud Engineering											
Casing											
Cementing											
LOT/FIT											
Drilling sequences											
Tripping											
Shallow gas/water flow											
Down hole problems											
Lost circulation											
Stuck pipe											
Kicks											
Fishing											
Well Control											
Directional drilling											
Sidetracking											
MWD/LWD											
Wireline logging											
Corering											
Hydraulic fracking											
Well testing											
Plug and abandonment											
Workshop											
Case study											
Homework											
Onboard											
Do and don'ts											
Safety											
Observation cards											
Work permits											
Certificate
